

Caio Nunes

WordPress Developer

Brusque, SC

caionsilveira@outlook.com

+55 47 99666 0312

A self-taught full-stack developer capable of creating end-to-end web applications going from UI/UX development, to custom dashboards and content management. Specialized on WordPress environments including platform configuration, pages creation, themes & plugins customization and more. Currently working as freelancer and looking for the opportunity on the right place.

Work Experience

Freelance WordPress Developer

Freelance/Self Employed - Brusque, SC

April 2022 to Present

As a freelance developer, I navigate challenging environments, building and customizing one-of-a-kind projects. My work spans from designing landing pages to developing personalized administrative panels. I always aim to bring value and continually expand my skills along the way.

Main projects:

- Health Communication Partners website redesign for Rainmaker Platform
- Custom theme for Rainmaker Platform
- Theme customization for Berger Imóveis (Real State website)
